Fred Robins

Web Developer

✉ fredrobins619@outlook.com   ☎ +234-0-708-173-1083   ⊕ *https://github.com/ZenitsuAg*

Enthusiastic and self-motivated web designer with 2+ years of experience. Eager to join a company and bring my skill in frontend development, and visual design to every project that will be received in the future. A previous project for Frontend Mentor involved designing and retrieving data from a RESTful API

Experience

Freelance Web Developer   *2021- present*

- Took online courses on MDN, FreeCodeCamp and YouTube to learn more about web design and management, and successfully finished the courses

Frontend Mentor protégé   *2022 - present*

- Proficient in creating responsive websites that seamlessly adapt to diverse devices, ensuring a consistent and user-friendly experience across desktops, laptops, tablets, and smartphones.
- Utilized fluid grid layouts and CSS Flexbox to develop flexible and visually appealing web pages, enabling dynamic content positioning and efficient handling of varying screen sizes.
- Adopted a mobile-first design philosophy, prioritizing mobile users' needs and progressively enhancing the website for larger screens, ensuring an excellent experience across all devices.
- Adhered to version control best practices, including descriptive commit messages and proper repository structure, promoting code maintainability and ease of collaboration.
- Adept at using a systematic and analytical approach to tackle complex problems in web development, identifying root causes, and implementing effective solutions
- Skilled in applying critical thinking to assess challenges from multiple angles, enabling creative problem-solving and innovative solutions.
- Possess a flexible and adaptable mindset, capable of quickly adapting to evolving project requirements and new technologies to achieve project objectives.
- Provided support and mentorship to less experienced developers on Frontend Mentor
